

# CVC CLIP CARDS

## beginning sounds

# HAPPY TEACHING!

**PREPARATION:** Print off these color or black and white pages onto card and cut along the dotted lines. Fold on the gray lines to create 2-sided cards. Glue the backs together, or laminate. Grab some pegs so they're ready to use.

## HOW TO USE:

- Children look at the main picture and the two letters underneath.
- Say those sounds (for eg 'ad') and then say it again, adding the sound in the first square to the beginning. What is that word? Does it match the picture?
- Try putting the next two letters in front. What words do they make?
- Clip a peg to the letter that makes the word match the picture.
- Turn the card over to self-check the answer and to check if you read the other words correctly, too!

Liz
